

iQ 10 Sync Charge Station™ Specifications

Syncing

Connect and sync up to 10 devices at once. The external USB host port connects all 10 devices to your MacBook/Computer. Syncing can be managed by iTunes, Apple Configurator or other similar software depending on the device that needs syncing.¹

USB Charging

Charge up to 10 iPad or other Tablet devices at once with up to 2.4 amps of power per USB port. Equipped with two intelligent iQ 5 Sync Charge Boxes, which automatically stage the availability of power to each device, reducing the possibility of a momentary electrical overload when multiple devices are powered on at the same time.
