iQ 16 Sync Charge Box™

Sync and charge up to 16 iPad®, iPad Air™, iPad mini™ or other Tablet devices.¹

Efficient syncing. Using synchronisation software on your MacBook®, the iQ 16 Sync Charge Box can sync up to 16 iPad, iPad Air, iPad mini or just about any other Tablet device simultaneously.¹

Charge on mass. The iQ 16 Sync Charge Box is equipped with 16 (2.1 amp powered) USB ports so you can connect and charge up to 16 devices at the same time.

Designed to be portable. The iQ 16 Sync Charge Box is a hand held USB hub that can be carried to locations where devices are stored.

Compatible. The iQ 16 Sync Charge Box is designed to connect with all iPad and other compatible Tablet device.¹

12 month warranty. PC Locs Products are built to last.²

Free shipping to almost anywhere in Australia. Contact us for more details.

It just makes life easier.

Simultaneous syncing... The iQ 16 Sync Charge Box can sync up to 16 iPad, iPad Air, iPad mini or just about any other device simultaneously with all your selected apps, books, movies, podcasts and music.

Intelligent power management system. The iQ 16 Sync Charge Box automatically stages the availability of power to each port. This function prevents the potential of overloading the circuit and protecting your devices.

2.1 amps of power at each port. Why is this important? 2.1 amps per port (x16) makes charging more efficient than conventional USB chargers. Not only does this represent a significant saving in time, it can also significantly improve battery efficiency.

Portability... The iQ 16 Sync Charge Box is designed to be portable. The built-in handle makes it easy to carry the unit and means that syncing and charging can occur almost anywhere.
