

Revolution ECO 16 and 28 Bay Laptop Carts™

Charge, store, secure and transport your Laptop devices

-  **ECO Safe Charge™** power management system for safe and efficient charging.
-  **Charge multiple banks of Laptops** at the same time with the remote controlled power management system.
-  **All in one Laptop solution.** Store, charge, secure and transport almost any type of Laptop.
-  **Designed to be mobile** for easy and quick deployment in almost any location.
-  **Lifetime warranty.** PC Locs products are built to last the distance.¹
-  **Notebook, Netbook.** The patented one-time adjusting shelf makes it compatible with almost any Laptop.
-  **Open design** for easy visual checks and preventing Laptops from overheating.
-  **Dual access.** Retrieve Laptops quicker from both sides of the Cart.
-  **Extra storage.** The bottom tray can be used for storing peripherals and other miscellaneous items.
-  **Secure!** After a day of use, lock it down in a designated area with the heavy duty anchor kit.

It just makes life easier.

Under the top hood... Plug, store and secure all your Laptop power packs under the lockable lid.

Safe and efficient charging... Equipped with ECO Safe Charge. This remote controlled, intelligent system stages the availability of power to each Laptop bank. The functions available can help prevent power overloading, reduce energy bills, reduce carbon emissions and extend the life of your Laptop's batteries.

Security... There is a high level of security built into the Carts. Steel locking bars secure the Laptops into the Cart, whilst the heavy duty anchor kit locks the Cart down when it's not in use.

Compatible... A unique feature of the Revolution ECO Carts is the patented, one-time adjustable Laptop shelf. This allows you to make the Cart suitable for Notebooks or Netbooks of almost any size.
