

Revolution ECO™ 32 Wall Cabinet by PC Locs

The Revolution ECO 32 Wall Cabinet creates a secure space for charging Laptops, Chromebooks and Tablets.

- **Efficient charging.** Charge up to 32 Laptop, Chromebook or Tablet devices at once.
- **ECO Safe Charge™.** An intelligent power management system that automatically stages the availability of power to each bank of devices. This function prevents the potential of overloading the circuit and protecting your devices.
- **Secure.** High level of security built into the Wall Cabinet. The three-point locking system and the Wall Mount Kit protect not only the Laptops, Chromebooks or Tablets inside but also the Wall Cabinet itself.
- **Built in drawers.** Neatly store away the device power packs.
- **Felt lined slots** to protect Laptops, Chromebooks or Tablets.
- **Lifetime warranty.** PC Locs products are built to last. Conditions apply.
- **Free shipping to almost anywhere in Australia.** Contact us for details and exclusions.

The Revolution ECO Wall Cabinet is a fixed storage and charging unit specifically designed to simplify the management of large Laptop Chromebook or Tablet deployments.

PC Locs... it just makes life easier.
